

R RADICAL RIDERS

2002-03 PRESS RELEASE

Radical Riders would like to thank the following Colorado Ski Companies for their support this past winter: Arapahoe Basin, Breckenridge Ski Resort, Copper Mountain Resort, Steamboat Ski Resort, and Colorado Ski Country USA. Each lift ticket donated was used to bring some encouragement, hope, and love to some very special kids. Many kids received the opportunity to go snowboarding and skiing for the first time ever. The joy and excitement on each face was priceless. We were able to receive over 200 lift tickets this past winter, which provided countless kids with a "radical" experience. Many kids in our outreach program were struggling with drugs, alcohol, and social stresses. The time spent on the slopes showed every kid, that there is another road that they could take in this life. The doors of communication were opened between our staff and the kids because of those lift tickets. Extreme sports are an excellent avenue, to share with those caught in a life they did not choose. So many success stories have come out of this winters outreach program, kids like Adam, Chad, Robin, Wes, Clay, and others will forever remember their experience on the slopes in Colorado. We are extremely grateful to each of you for being a part of this radical opportunity to change the lives of America's youth. We look forward to your continued support of Radical Riders in the years to come. Without each of you, there would not have been an outreach program, and the success stories of this past winter would have been the tragedies of tomorrow. Thank you again for your continued support of Radical Riders!!
